ASW45.2

Maxi-waterproof in a mini package? As the smallest of the bunch, that's what the ASW45.2 is all about.

Designed with the latest acoustic techniques, it is stunningly powerful yet discreet, thanks to its small size. The unique deflected profile provides clear and warm sound performance. Thanks to the indoor - outdoor switch button, this speaker ensures your musical enjoyment, both outdoors and indoors. In addition, the bass reflex may be hermetically sealed using the tube supplied.

The ASW45.2 is a regular on every local terrace. Discreet, part of the furniture, but loud when you want it to be.
