

## ROCK

Our rock in the surf. You can hear it, but you can't see it. The design of the Rock blends seamlessly into any garden. Moreover, it is resistant to all weather conditions. Thanks to the special bass reflex, you can enjoy powerful deep bass and it provides optimum dispersion over a large area.

*The rock resists every whim of the weather gods. It blends easily into tall grasses, flower arrangements and lush plants. Only its powerful sound betrays its presence.*
